

Pason Systems Inc. is the world's largest provider of rental oilfield instrumentation systems that are designed and manufactured for use on land-based drilling and service rigs. Pason offers a tightly integrated package of complex services, including data acquisition, wellsite reporting software, remote communications and Internet information management tools. We place considerable focus on a culture that nurtures imagination in an atmosphere where people are free to perform to their fullest potential in an open and relaxed environment.

NETWORK ANALYST

We have an exciting opportunity for a Network Analyst to join Pason's IT department. The position offers an exciting opportunity to work with a team of dedicated professionals in a fast paced, dynamic and challenging work environment.

This position requires:

- Knowledge of Linux distributions such as RHEL, CentOS
- Fluency in network analysis and troubleshooting using TCPDUMP, Wireshark
- Experience with Linux based systems and firewalls, iptables, sshd, yum, DNS, DHCP, SMTP
- Proficient in Perl, Bash, PHP, C, MySQL, CVS, Subversion
- Experience building, configuring and deploying open source packages
- Working closely with other teams in designing and the development of new computing platforms
 - Creating and maintaining the build/release infrastructure used in projects
 - Designing and implementing best practices for server standards, process improvements, configurations and support
- Participation in on-call/standby rotation as required

A degree in a related field and/or 3+ years of relevant industry experience in systems administration on Linux/Unix is required.

The successful candidate will possess good verbal and written communication skills and the ability to work independently or as a member of a team. You will be comfortable taking initiative, and have demonstrated problem solving and analytical skills. In addition, RHCE certification would be an asset.

Pason promotes a healthy lifestyle within and outside the workplace. Employees enjoy the following benefits:

- access to on-site amenities such as fitness & workout rooms; pilates & yoga classes
- foosball, ping-pong, and an outdoor ball hockey area
- summer barbeques, and other Pason-sponsored social / community activities held throughout the year.
-

If this sounds like **YOUR PASON**, and you are seeking a dynamic work environment where you will join a talented group of imaginative and creative people, then we would like to hear from you. We invite you to forward your application to ITresumes@pason.com, with "Network Analyst" in the subject field. No telephone calls please. We thank all applicants in advance, however, only those selected for an interview will be contacted. Visit our website for more information about Pason at www.pason.com.
